

## BA Series

### BA SERIES

- Brake Motors
- IEC Metric Motors from 71 to 225 frame size
- Totally Enclosed Fan Cooled (TEFC)
- IP 54 enclosure (IP55 on request)
- F class insulation
- Continuous Duty
- 3~230/400V 50Hz (different voltages on request)
- AC and DC Brake
- Very high brake torque
- HeavyDutyCycle
- Low Maintenance
- Aluminum frame up to 132 frame size, cast iron frame from 160 to 225 frame size
- Cast iron flanges starting from 100 frame size
- Manual brake release screw
- Hexagonal hole on shaft end for manual rotation
- **CE** mark
- cCSAus **CS** mark (on request)
- CCC mark (on request)

## BM Series

### BM SERIES

- Brake Motors
- IEC Metric Motors frame from 56 to 160 frame size
- Totally Enclosed Fan Cooled (TEFC)
- IP54 enclosure (IP55 on request)
- F class insulation
- Continuous Duty
- 3~230/400V 50Hz (different voltages on request)
- DC Brake
- Low noise brake
- Aluminum frame up to 132 frame size, 160 frame size in cast iron
- Cast iron flange starting from 100 frame size
- **CE** mark
- cCSAus **CS** mark (on request)
- CCC mark (on request)
